

# Safety Data Sheet

Issue Date: 04-Jan-2019

Revision Date: 11-Aug-2023

Version 4

## 1. PRODUCT AND COMPANY IDENTIFICATION

### Product Identifier

**Product Name** United 28 AIR LOCK

### Other means of identification

**SDS #** UNITED-28

### Recommended use of the chemical and restrictions on use

**Recommended Use** Urinal and Drain Treatment.

**Uses Advised Against** For industrial and institutional use only.

### Details of the supplier of the safety data sheet

#### **Supplier Address**

United Laboratories, Inc.  
320 37th Avenue  
St. Charles, IL 60174  
www.unitedlabsinc.com

### Emergency Telephone Number

**Company Phone Number** 800-323-2594 (to reorder)  
**Emergency Telephone (24 hr)** INFOTRAC 1-800-535-5053 (North America)  
1-352-323-3500 (International)

## 2. HAZARDS IDENTIFICATION

**Appearance** Opaque light blue liquid

**Physical State** Liquid

**Odor** Cucumber melon

### Classification

This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200). However, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

The product contains no substances which, at their given concentration, are considered to be hazardous to health. However, additional component information is available in subsequent sections of this SDS.

## 4. FIRST-AID MEASURES

### First Aid Measures

**Eye Contact** Flush with plenty of water for at least 15 minutes. If irritation persists, call a physician or poison center.

**Skin Contact** Wash with soap and plenty of water.

**Inhalation** Remove to fresh air. If symptoms persist, call a physician.

**Ingestion**

Give one or two glasses of water to drink. Never give anything by mouth to an unconscious person. DO NOT induce vomiting. If gastrointestinal symptoms develop, get medical attention.

**Most important symptoms and effects****Symptoms**

May cause slight eye irritation. Vapors or mists of this product may irritate mucous membranes and cause irritation, dizziness and nausea.

**Indication of any immediate medical attention and special treatment needed****Notes to Physician**

Treat symptomatically.

**5. FIRE-FIGHTING MEASURES****Suitable Extinguishing Media**

Dry chemical, dry foam, carbon dioxide, water.

**Unsuitable Extinguishing Media** Not determined.

**Specific Hazards Arising from the Chemical**

Rags soaked with any solvent or oily material present a fire hazard and should always be stored in a "UL" listed or "Factory Mutual" approved container. Improperly stored rags can create conditions that lead to oxidation that may lead to spontaneous combustion.

**Hazardous Combustion Products** When strongly heated, as in a fire, this product may produce oxides of carbon, along with thick smoke.

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use water spray or mist gently; heavy application of hot oil could cause foaming. Avoid contact with hot oil.

**6. ACCIDENTAL RELEASE MEASURES****Personal precautions, protective equipment and emergency procedures****Personal Precautions**

Use personal protective equipment as required.

**Methods and material for containment and cleaning up****Methods for Containment**

Prevent further leakage or spillage if safe to do so.

**Methods for Clean-Up**

Small spills: Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. This product may cause slippery conditions. Large spills: Dike ahead of liquid spill; absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. This product may cause slippery conditions; Rinse thoroughly.

**7. HANDLING AND STORAGE****Precautions for safe handling****Advice on Safe Handling**

Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities****Storage Conditions**

Keep this product in a properly labeled, tightly closed container. Store in a dry, well-ventilated area. Do not handle or store near any sources of ignition. Store away from incompatible materials.

**Incompatible Materials**

Strong oxidizing agents – such as bleach.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Exposure Guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Appropriate engineering controls****Engineering Controls**

Use general ventilation. Local exhaust is recommended when handling in enclosed/tight spaces.

**Individual protection measures, such as personal protective equipment****Eye/Face Protection**

Safety glasses or safety goggles are recommended if splashing is possible.

**Skin and Body Protection**

Impervious gloves are recommended. Wear suitable protective clothing.

**Respiratory Protection**

Normally not required. If adequate ventilation is unavailable use NIOSH approved air-purifying respirator with organic vapors cartridge or canister.

**General Hygiene Considerations** Handle in accordance with good industrial hygiene and safety practice.**9. PHYSICAL AND CHEMICAL PROPERTIES****Information on basic physical and chemical properties**

|                       |                          |                       |                |

| <b>Auto-ignition Temperature</b>    | Not determined        |                                |
| <b>Decomposition Temperature</b>    | Not determined        |                                |
| <b>Kinematic Viscosity</b>          | Not determined        |                                |
| <b>Dynamic Viscosity</b>            | Not determined        |                                |
| <b>Explosive Properties</b>         | Not determined        |                                |
| <b>Oxidizing Properties</b>         | Not determined        |                                |
| <b>VOC Content</b>                  | None                  |                                |

**10. STABILITY AND REACTIVITY****Reactivity**

Not reactive under normal conditions.

**Chemical Stability**

Stable under recommended storage conditions.

**Possibility of Hazardous Reactions**

Under normal conditions of storage and use, hazardous polymerization will not occur.

**Conditions to Avoid**

Incompatible Materials: Heat, flames and sparks.

**Incompatible Materials**

Strong oxidizing agents – such as bleach.

**Hazardous Decomposition Products**

When strongly heated, as in a fire, this product may produce oxides of carbon, along with thick smoke.

**11. TOXICOLOGICAL INFORMATION****Information on likely routes of exposure****Product Information****Eye Contact**

Avoid contact with eyes.

**Skin Contact**

Avoid contact with skin. No known effect based on information supplied.

**Inhalation**

Under normal conditions of intended use this material is not expected to be an inhalation hazard.

**Ingestion**

Do not ingest.

**Component Information**

Not Available.

**Information on physical, chemical and toxicological effects****Symptoms**

Please see section 4 of this SDS for symptoms.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure****Carcinogenicity**

Based on the information provided, this product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

**Numerical measures of toxicity**

Not determined

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Not determined

**Persistence/Degradability**

Not determined

**Bioaccumulation**

Not determined

**Mobility**

Not determined

**Other Adverse Effects**

Not determined

**13. DISPOSAL CONSIDERATIONS****Waste Treatment Methods****Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**14. TRANSPORT INFORMATION****DOT**

Not regulated

**IATA**

Not regulated

**IMDG**

Not regulated

**15. REGULATORY INFORMATION****International Inventories**

All ingredients are listed or exempt from listing on Chemical Substance Inventory

**Legend:***TSCA - United States Toxic Substances Control Act Section 8(b) Inventory**DSL/NDL - Canadian Domestic Substances List/Non-Domestic Substances List**EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances**ENCS - Japan Existing and New Chemical Substances**IECSC - China Inventory of Existing Chemical Substances**KECL - Korean Existing and Evaluated Chemical Substances**PICCS - Philippines Inventory of Chemicals and Chemical Substances**AICS - Australian Inventory of Chemical Substances***US Federal Regulations****CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

**SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**US State Regulations**

**California Proposition 65**

This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

**U.S. State Right-to-Know Regulations**

This product does not contain any substances regulated under applicable state right-to-know regulations.

# Safety Data Sheet

## 1. PRODUCT AND COMPANY IDENTIFICATION

### Product identifier

**Product Name** U28 Air Lock Sun-Kissed Orange

### Other means of identification

**SDS #** UNITED-28-O

### Recommended use of the chemical and restrictions on use

**Recommended Use** Urinal and Drain Treatment.

### Details of the supplier of the safety data sheet

#### **Supplier Address**

United Laboratories, Inc.  
320 37th Avenue  
St. Charles, IL 60174  
[www.unitedlabsinc.com](http://www.unitedlabsinc.com)  
[www.unitedlabsinc.ca](http://www.unitedlabsinc.ca)

### Emergency telephone number

**Company Phone Number** 800-323-2594 (to reorder)  
**Emergency Telephone** INFOTRAC 1-800-535-5053 (North America)  
1-352-323-3500 (International)

## 2. HAZARDS IDENTIFICATION

**Appearance** Opaque light blue liquid

**Physical state** Liquid

**Odor** Orange

### Classification

|                    |            |
|--------------------|------------|
| Skin sensitization | Category 1 |
|--------------------|------------|

### Signal Word

**Warning**

### Hazard statements

May cause an allergic skin reaction.

### Precautionary Statements - Prevention

Avoid breathing dust/fume/gas/mist/vapors/spray. Wear protective gloves. Contaminated work clothing must not be allowed out of the workplace.

### Precautionary Statements - Response

IF ON SKIN: Wash with plenty of water and soap. If skin irritation or rash occurs: Get medical advice/attention  
Wash contaminated clothing before reuse.

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant.

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical name    | CAS No      | Weight-% |
|------------------|-------------|----------|
| Canola Oil       | 120962-03-0 | 80-90    |
| Soy methyl ester | 67784-80-9  | 1-10     |
| Citral           | 5392-40-5   | 0.1-1    |
| Vanillin         | 121-33-5    | 0.1-1    |
| Diphenyl Oxide   | 101-84-8    | 0.1-1    |
| Benzyl Acetate   | 140-11-4    | 0.1-1    |
| 1-octanol        | 111-87-5    | 0.1-1    |

\*\*If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.\*\*

**4. FIRST AID MEASURES****Description of first aid measures**

|                     |                                                                                                                                                                                        |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye Contact</b>  | Flush with plenty of water for at least 15 minutes. If irritation persists, call a physician or poison center.                                                                         |
| <b>Skin Contact</b> | Wash with soap and plenty of water. If skin irritation or rash occurs: Get medical advice/attention.                                                                                   |
| <b>Inhalation</b>   | Remove to fresh air. If symptoms persist, call a physician.                                                                                                                            |
| <b>Ingestion</b>    | Give one or two glasses of water to drink. Do not induce vomiting. If gastrointestinal symptoms develop, get medical attention. Never give anything by mouth to an unconscious person. |

**Most important symptoms and effects, both acute and delayed**

|                 |                                      |
|-----------------|--------------------------------------|
| <b>Symptoms</b> | May cause an allergic skin reaction. |
|-----------------|--------------------------------------|

**Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to Physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

**5. FIRE-FIGHTING MEASURES****Suitable Extinguishing Media**

Dry chemical, dry foam, carbon dioxide, water.

**Unsuitable Extinguishing Media** Not determined.

**Specific Hazards Arising from the Chemical**

Rags soaked with any solvent or oily material present a fire hazard and should always be stored in a "UL" listed or "Factory Mutual" approved container. Improperly stored rags can create conditions that lead to oxidation that may lead to spontaneous combustion.

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Apply water fog or mist gently; heavy application of hot oil could cause foaming. Avoid contact with hot oil.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

|                                 |                                                                                                     |
|---------------------------------|-----------------------------------------------------------------------------------------------------|
| <b>Personal Precautions</b>     | Use personal protective equipment as required.                                                      |
| <b>For Emergency Responders</b> | Follow all fire fighting procedures in Section 5. Use personal protection recommended in Section 8. |

### Environmental precautions

|                                  |                                                       |
|----------------------------------|-------------------------------------------------------|
| <b>Environmental precautions</b> | See Section 12 for additional Ecological Information. |
|----------------------------------|-------------------------------------------------------|

### Methods and material for containment and cleaning up

|                                |                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Methods for Containment</b> | Prevent further leakage or spillage if safe to do so.                                                                                                                                                                                                                                                                                                                               |
| <b>Methods for Clean-Up</b>    | Small spills: Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. This product may cause slippery conditions. Large spills: Dike ahead of liquid spill; absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. This product may cause slippery conditions; Rinse thoroughly. |

## 7. HANDLING AND STORAGE

### Precautions for safe handling

|                                |                                                                        |
|--------------------------------|------------------------------------------------------------------------|
| <b>Advice on Safe Handling</b> | Handle in accordance with good industrial hygiene and safety practice. |
|--------------------------------|------------------------------------------------------------------------|

### Conditions for safe storage, including any incompatibilities

|                               |                                                                                                                                                                                                       |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Storage Conditions</b>     | Keep this product in a properly labeled, tightly closed container. Store in a dry, well-ventilated area. Do not handle or store near any sources of ignition. Store away from incompatible materials. |
| <b>Incompatible Materials</b> | Strong oxidizing agents. Alkalis.                                                                                                                                                                     |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Exposure Guidelines

| Chemical name              | ACGIH TLV                                                             | OSHA PEL                                                                                                                     | NIOSH IDLH                                                                |
|----------------------------|-----------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------|

### Appropriate engineering controls

|                             |                                                                                               |
|-----------------------------|-----------------------------------------------------------------------------------------------|
| <b>Engineering Controls</b> | Use general ventilation. Local exhaust is recommended when handling in enclosed/tight spaces. |
|-----------------------------|-----------------------------------------------------------------------------------------------|

### Individual protection measures, such as personal protective equipment

|                            |                                                                                                                                                |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/Face Protection</b> | Safety glasses or chemical goggles are recommended if splashing is possible. Refer to 29 CFR 1910.133 for eye and face protection regulations. |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|

|                                       |                                                                                                                                                                                                                         |
|---------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Skin and Body Protection</b>       | Impervious gloves are recommended. Wear suitable protective clothing. Refer to 29 CFR 1910.138 for appropriate skin and body protection.                                                                                |
| <b>Respiratory Protection</b>         | Normally not required. If adequate ventilation is unavailable, use NIOSH approved air-purifying respirator with organic vapors cartridge or canister. Refer to 29 CFR 1910.134 for respiratory protection requirements. |
| <b>General Hygiene Considerations</b> | Handle in accordance with good industrial hygiene and safety practice.                                                                                                                                                  |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                                         |                          |                                |                |
|-----------------------------------------|--------------------------|--------------------------------|----------------|
| <b>Physical state</b>                   | Liquid                   | <b>Odor</b>                    | Orange         |
| <b>Appearance</b>                       | Opaque light blue liquid | <b>Odor Threshold</b>          | Not determined |
| <b>Color</b>                            | Light blue               |                                |                |
| <b><u>Property</u></b>                  | <b><u>Values</u></b>     | <b><u>Remarks • Method</u></b> |                |
| pH                                      | Not available            |                                |                |
| Melting point / freezing point          | No data available        |                                |                |
| Initial boiling point and boiling range | >302°C / >575°F          |                                |                |
| Flash point                             | >260°C / >500°F          |                                |                |

| Flammability (Solid, Gas)               | Liquid-Not applicable    |                                |                |
| Flammability Limit in Air               |                          |                                |                |
| Upper flammability or explosive limits  | No data available        |                                |                |
| Lower flammability or explosive limits  | No data available        |                                |                |
| Vapor Pressure                          | <1 mmHg                  |                                |                |
| Vapor Density                           | >1                       | .? (air = 1)                   |                |
| Relative Density                        | 0.91                     |                                |                |
| Water Solubility                        | Moderate                 |                                |                |
| Solubility in other solvents            | Not determined           |                                |                |
| Partition Coefficient                   | Not determined           |                                |                |
| Autoignition temperature                | No data available        |                                |                |
| Decomposition temperature               | Not determined           |                                |                |
| Kinematic viscosity                     | Not determined           |                                |                |
| Dynamic Viscosity                       | Not determined           |                                |                |
| Explosive Properties                    | Not determined           |                                |                |
| Oxidizing Properties                    | Not determined           |                                |                |

## 10. STABILITY AND REACTIVITY

### Reactivity

Not reactive under normal conditions.

### Chemical stability

Stable under recommended storage conditions.

### Possibility of hazardous reactions

Under normal conditions of storage and use, hazardous polymerization will not occur.

### Conditions to Avoid

Incompatible Materials. Heat, flames and sparks.

### Incompatible materials

Strong oxidizing agents. Alkalis.

**Hazardous decomposition products**

When strongly heated, as in a fire, this product may produce oxides of carbon, along with thick smoke.

**11. TOXICOLOGICAL INFORMATION****Information on likely routes of exposure****Product Information**

**Eye Contact** Avoid contact with eyes.

**Skin Contact** Avoid contact with skin.

**Inhalation** Do not inhale.

**Ingestion** Do not ingest.

**Component Information**

| Chemical name              | Oral LD50            | Dermal LD50             | Inhalation LC50 |
|----------------------------|----------------------|-------------------------|-----------------|
| Citral<br>5392-40-5        | = 4960 mg/kg ( Rat ) | = 2250 mg/kg ( Rabbit ) | -               |
| Vanillin<br>121-33-5       | = 1580 mg/kg ( Rat ) | > 5010 mg/kg ( Rabbit ) | -               |
| Benzyl Acetate<br>140-11-4 | = 2490 mg/kg ( Rat ) | > 5000 mg/kg ( Rabbit ) | -               |
| Diphenyl Oxide<br>101-84-8 | = 2450 mg/kg ( Rat ) | > 7940 mg/kg ( Rabbit ) | -               |
| 1-octanol<br>111-87-5      | > 3200 mg/kg ( Rat ) | > 5 g/kg ( Rabbit )     | -               |

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** Please see section 4 of this SDS for symptoms.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Sensitization** May cause an allergic skin reaction.

**Carcinogenicity** Group 3 IARC components are "not classifiable as human carcinogens".

| Chemical name              | ACGIH | IARC    | NTP | OSHA |
|----------------------------|-------|---------|-----|------|
| Benzyl Acetate<br>140-11-4 |       | Group 3 |     |      |

**Numerical measures of toxicity**

Not determined

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

**Component Information**

Not determined.

**Persistence/Degradability**

Not determined.

**Bioaccumulation**

There is no data for this product.

**Mobility**

| Chemical name              | Partition coefficient |
|----------------------------|-----------------------|
| Citral<br>5392-40-5        | 2.76                  |
| Vanillin<br>121-33-5       | 1.23                  |
| Diphenyl Oxide<br>101-84-8 | 4.21                  |
| Benzyl Acetate<br>140-11-4 | 1.96                  |
| 1-octanol<br>111-87-5      | 3.5                   |

**Other adverse effects**

Not determined.

### 13. DISPOSAL CONSIDERATIONS

**Waste Treatment Methods****Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

### 14. TRANSPORT INFORMATION

**Note**

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.

**DOT**

Not regulated

**IATA**

Not regulated

**IMDG**

Not regulated

### 15. REGULATORY INFORMATION

**International Inventories**

| Chemical name                | TSCA | TSCA Inventory Status | DSL/NDSL | EINECS/ELI NCS | ENCS | IECSC | KECI | PICCS | AIIC |

**AIIC** - Australian Inventory of Chemical Substances

**US Federal Regulations****CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

**SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

**US State Regulations****California Proposition 65**

This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

**U.S. State Right-to-Know Regulations**
